What is the default port for FTP service?

Person3 I am building a component that should connect like in Telnet to a host computer and FTP a file from it. I know that there should be a default port number for FTP but cannot remember it. Could someone help?

Person1 There is a site on TCP/IP basics <http://www.tcpip101.com> where you should find the answer

Person 1
Person 2
Person 3
Person 4
